3. Owner's address: \_\_\_\_\_

Zip Code: \_\_\_\_\_ Property owner telephone number: \_\_\_\_\_

Driveway Connections to City Streets. No one shall cut, build, or maintain a driveway connection to a city street without first making application for such connection with City Hall. Application shall be reviewed and final permission for connection granted by the Public Works Director.

Permission will not be issued when the contemplated driveway is to be so located or constructed as to create an unreasonable hazard to pedestrian and/or vehicular traffic. No driveway shall exceed thirty-five (35) feet in width at its outer or street edge and when two (2) or more adjoining driveways are provided for the same property a safety island of not less than ten (10) feet in width at its outer or street edge shall be provided. Driveway aprons shall not extend out into the street.
